SWARTDOG STAMPEDE FACILITATOR GUIDE

This guide provides everything needed for a teacher, volunteer, or student leader to successfully run a Swartdogs Stampede event without prior experience.

OVERVIEW

Swartdogs Stampede is a fast-paced, human-played FIRST-style game where two alliances of three players compete to score game pieces, earn endgame bonuses, and accumulate ranking points across multiple matches.
Each match lasts 40 seconds:

- Autonomous: 10 seconds (eyes closed)
- Teleoperated: 30 seconds (normal play)
- Endgame: Final 5 seconds of the match (bonus scoring opportunities)

MATERIALS NEEDED

FIELD & EQUIPMENT

- 3 totes/boxes
- 3 red alliance identifiers (hats, bandanas, or pinnies)
- 3 blue alliance identifiers (hats, bandanas, or pinnies)
- 40–100 soft, lightweight game pieces (e.g., ping-pong balls)
- Large open play space
- Printed rule sheets (1 per player + 4 for event staff)
- Printed score sheets (2 per match)
- 2 clipboards and pens
- Computer with display for:
- Event timer & sound effects
- Rankings display

PERSONNEL

- 1 Referee
- 2 Scorekeepers (Red & Blue)
- 1 Scoring Human (on the field)

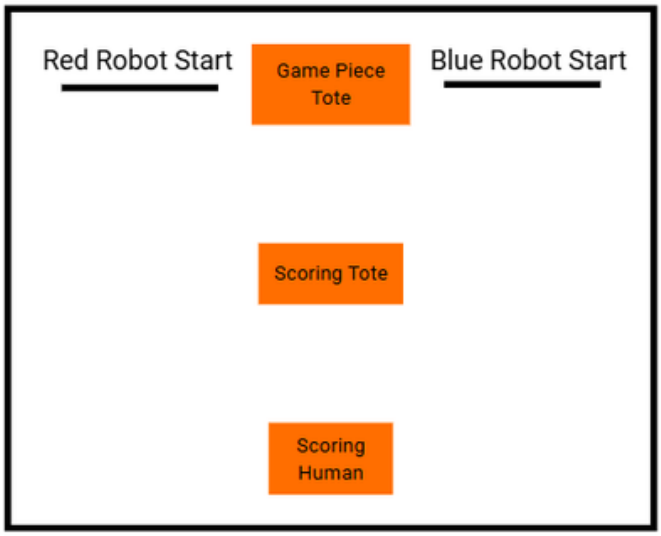
FIELD SETUP

Designate and clearly show players the locations of:

- Starting area
- Game piece tote/box (all objects begin here)
- Scoring tote/box
- Scoring human position (with tote/box)

Field elements can be arranged to best suit the space. We recommend you play a few rounds of Swartdog Stampede in the space before you run the event.
If players run out of objects, we recommend increasing the distance between totes.

Recommened Layout



DIGITAL SETUP

Open the event simulation website on the display computer. We recommend this display is projected so all players can see the match timers and rankings.

stampede.525swartdogs.org

Ensure:
Sound is ON for match start/end cues
Screen is visible for match timers and rankings.

SAFETY RULES

Safety is always the number one concern. No pushing, pulling, or intentionally harmful physical contact. If gameplay becomes dangerous, play should be stopped.

SWARTDOGS

ROLES & RESPONSIBILITIES

REFEREE

The referee manages game flow, rule enforcement, and score submission.

Before the Event

- Distribute rule sheets to all participants and play Game Video.
- Give a physical tour of the field locations.
- Answer questions. Referee has final rule authority.
- Enter participant names into the simulation website.
- Click Generate Schedule and direct players to find their first match.

Pre-Match

- Call next Red and Blue alliances to the starting area.
- Confirm scorekeepers are ready with sheets.
- Confirm field and game pieces are reset.
- Instruct players to close eyes for Autonomous.

Start Match

- Press Start Match on the website.
- Autonomous runs for 10 seconds.
- Transition to Teleop: Announce: “Eyes open—Teleop has begun!”

End of Match

- At buzzer announce: “Stop! Freeze in place.”
- Scorekeepers record final states.
- Endgame contact is judged at the buzzer.

Scoring & Reset

- Scorekeepers total points and verify with each other.
- Referee enters scores and shows rankings.
- Players reset all field elements.
- Begin next match.

ROLES & RESPONSIBILITIES

SCOREKEEPERS

Each alliance has one dedicated scorekeeper. See the next 2 pages for an example score sheet.

Before the Match

- Take a fresh score sheet.
- Record alliance color and player names.

During the Match

Track:

- Objects scored in tote
- Objects handed to scoring human
- Correct time period column (Auto vs Teleop)
- Autonomous end condition checkbox (all robots touching)
- At the end of the match, the end game scoring

After the Match

- Calculate:
  - Auto points
  - Total match points
  - Ranking points
- Verify totals with the opposing scorekeeper.
- Provide final numbers to the referee. The values they will need are in dashed boxes.

SWARTDOGS

ROLES & RESPONSIBILITIES

SCORING HUMAN

The scoring human is the endgame interaction target and object receiver.

During the Match

- Only accept one object at a time.
- Objects must be handed directly—players may not place or throw into your tote.
- If players place or throw objects into your tote, remove the objects from the tote.
- Place received objects into your tote.

Endgame

- Remain stationary while players attempt contact bonuses.

After the Match

- Help confirm autonomous object counts.
- Assist players with field reset.
